516-589-4562

CONFERENCE IS FREE

LUNCH WILL BE SERVED

Bridging the Gaps: Connecting Medical, Educational, and Familial Systems

The conference will provide tools and strategies to improve outcomes for children and young adults with special needs; from those with a physical challenge to those with mental health concerns and/or issues. Improving communication between medical professionals, educators, families, and community providers can be the key!

Hope you can join us!!
